HELLO
beautiful

Humor is a big part of my style. You have to be willing to fall on your face a bit, to be that fashion roadkill. I know so many people who are die-hard fashion people who are way more educated than I am, but I love fashion. It's so much more important than just material.

Fashion is very important. It is life-enhancing and, like everything that gives pleasure, it is worth doing well.

I think the fashion is super serious and humor is suspect and people don't always know how to approach it. Sometimes people have questioned whether I was making fun of the industry or just at myself. I'm just trying to raise a smile. Clothes aren't meant to be worshipped at a church altar. I have a different approach to most designers.

Fashion you can buy,
but style you possess.
The key to style is
learning who you are,
which takes years.
There's no how - so
read, map to style. It's
about self-expression
and, above all, attitude.

As a young girl, I've always dreamed of having a career like this. I think it's so important for me to be able to use my platform and to bring awareness, and especially during these times where there's so much happening in the world. Everyone has a voice, and I think why not use that voice and help women, and tell them to also be bold and be able to break barriers.

Style is the only thing
you can't buy. It's not in
a shopping bag, a
label, or a price tag. It's
something reflected
from our soul to the
outside world.
